PRODUCT NO.: 6487

**TELESCOPING BASE STAND w/CASTERS, LABCONCO (6 ft)
W 74.5" x D 29.0"**

DESCRIPTION: The telescoping base stand with casters may be adjusted to eight height positions prior to installation. Telescoping legs are adjustable in 1-inch increments from 27.5 – 34.5 inches. Casters provide mobility for short distances, such as to gain access to the area behind the stand for service or maintenance. Toe-locking, non-marking polyurethane casters, 5-inch diameter, have bearings for quiet operation. Durable 1.75-inch tubular, epoxy-coated steel frame. This stand has rear cross bar supports.
